## Introduction

BBQReserver is a telegram bot by which you can book a place in the BBQ zone of Innopolis. By using the bot you can manage all your reservations, view free time slots and get notification about your booking.

## How to find the bot

In order to use the bot, you need to have a telegram app and your account.

For Android:

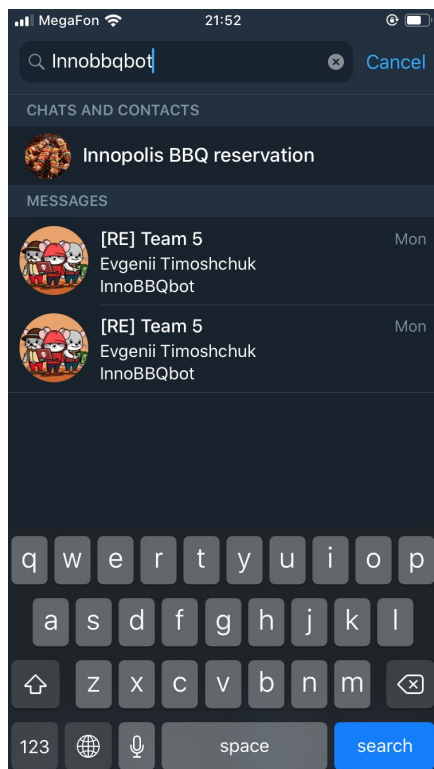

<https://play.google.com/store/apps/details?id=org.telegram.messenger&h>

For iOS: <https://apps.apple.com/us/app/telegram-messenger/id686449807>

How to create a telegram account:

<https://telegramguide.com/create-a-telegram-account/>

Once you have telegram installed your phone and you are logged in you need to search BBQReserver bot ("InnoBBQbot") as follows:

**Telegram username of the bot:**

**@InnoBBQbot**

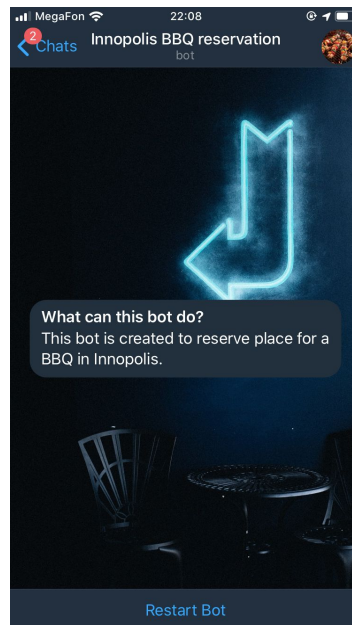

**Link to the bot:**

<http://telegram.me/innobbqbot>

## Start the bot

### Step 1

Press “Start Bot” or “Restart Bot” (if you used the bot before) button:

### Step 2

After starting, the bot gives you information about the bot and asks for the desired command as following:

## Create Reservation

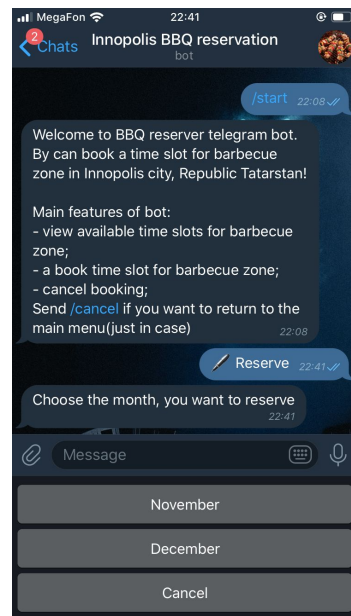

### Step 1

Press the “Reserve” button

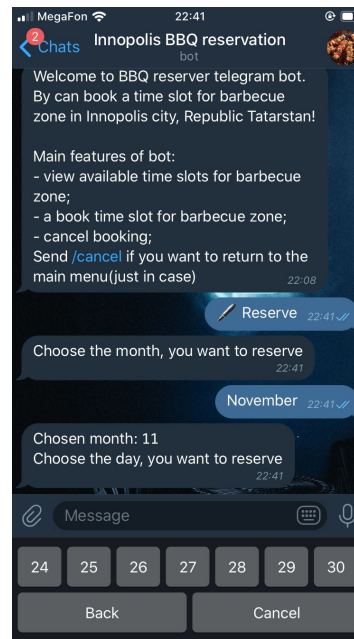

### Step 2

Choose the month you want to reserve

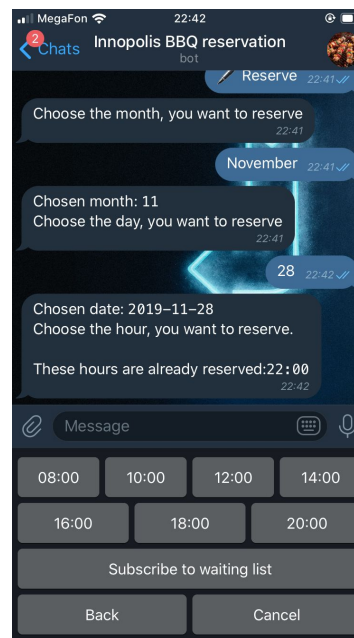

### Step 3

Choose the day of the chosen month

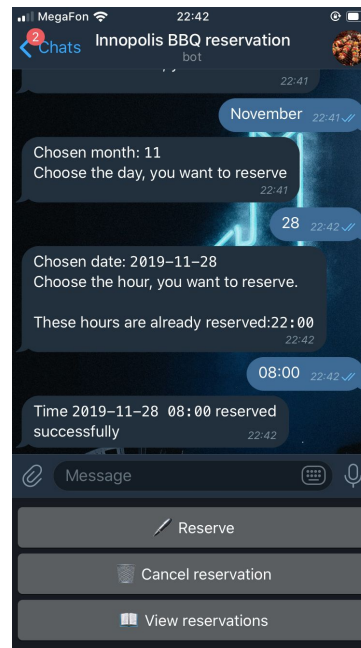

### Step 4

Choose the exact time-slot

## Step 5

Bot gives a message stating your reservation has been booked successfully.

## Cancel Reservation

### Step 1

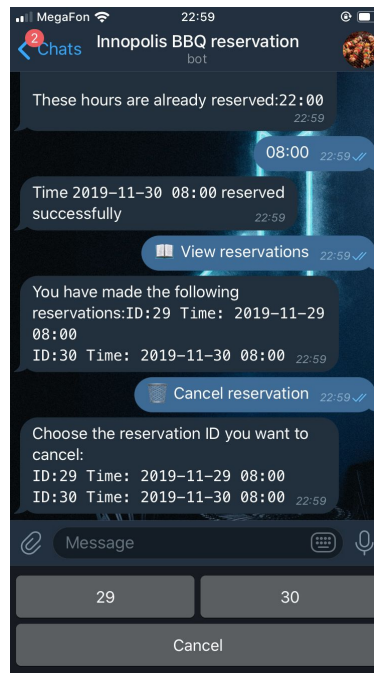

Press the “Cancel reservation” button

## Step 2

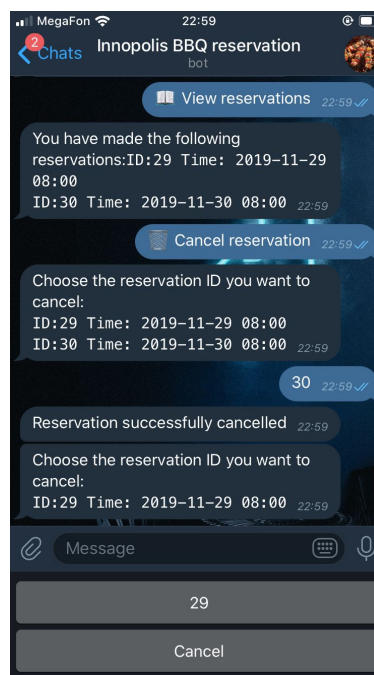

Bot will suggest you reservations you have to cancel.

Choose the reservation you want to cancel.

## Step 3

Bot gives a message stating reservation successfully canceled. If you have multiple reservations bot keep suggesting reservations to have. Select the reservation again if you want to cancel.

## View Reservation

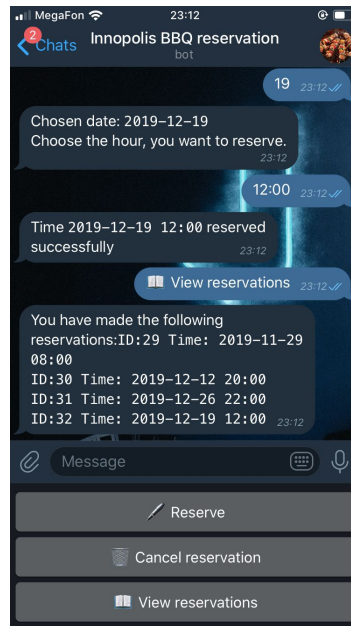

### Step 1

To view all your reservation press  
“View reservations”

### Step 2

Bot will show all your booked reservations.

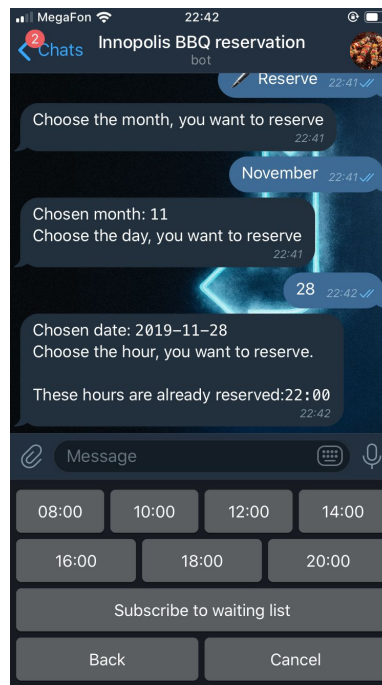

## Subscribe to Waitlist

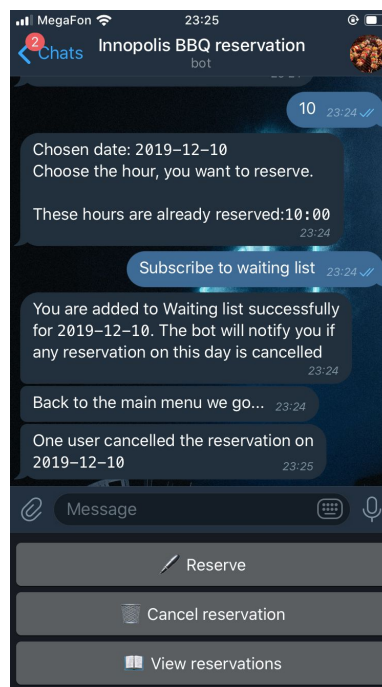

### Step 1

If you want to book already booked reservation, you can subscribe to the waiting list. For this, press “Subscribe to waiting list” button

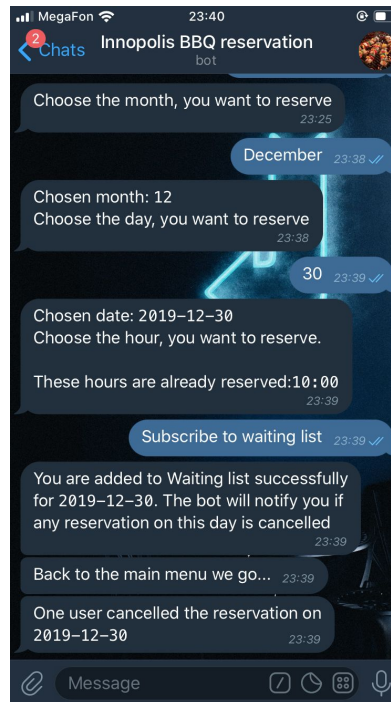

### Step 2

The bot gives a message stating you are added to the waiting list successfully.

### Step 3

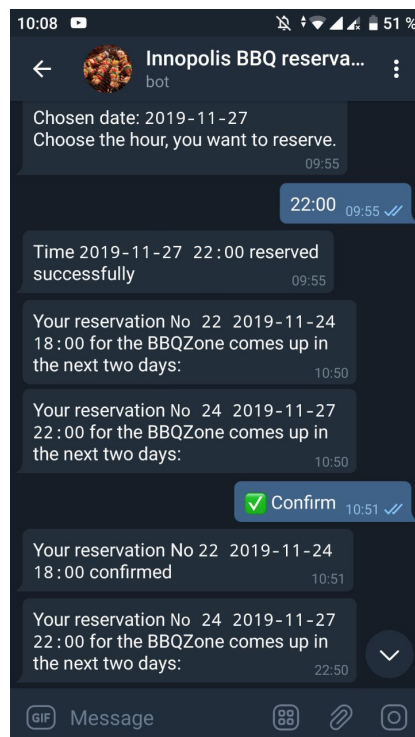

If already booked reservation is canceled by the owner, then you will get notification about the cancelation. You can now book for this specific reservation

## Getting Notification about the reservation

### Step 1

You get notification about your reservations prior to the due date.

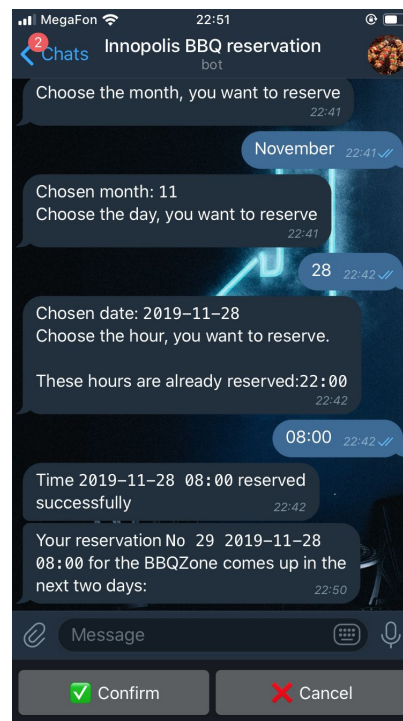

## Confirm Reservation

### Step 1

Bot notifies you about your reservation one day before and asks for your confirmation.

For confirmation press “Confirm” button

For cancelation press “Cancel” button

### Step 2

If you confirmed your reservation, Bot gives you a message stating your reservation was confirmed
